New state education adviser to steer push for reform

By Tom Ichniowski

Gov. John Kitzhaber has named a former state legislator to lead a new state education advisory committee. The committee will be charged with recommending ways to improve the state's public schools and higher education system.

Kitzhaber announced the appointment of Tom Ichniowski, a former state legislator and current member of the Oregon State Board of Education, to lead the committee. Ichniowski will be joined by other members of the board and other education leaders.

The committee will report to the governor by the end of the year. Its recommendations will be used to guide the state's education policy.

Boaters find drilling sites near Keswick Caverns

By Tom Ichniowski

Boaters on the Keswick River in Oregon have discovered several illegal drilling sites near Keswick Caverns. The sites were found by a group of boaters who were exploring the area.

The boaters found several holes drilled into the riverbank. They believe the holes were drilled for the purpose of installing a dam or other structure.

The Keswick River is a popular boating destination. The Keswick Caverns are a natural attraction in the area.

A new player enters the geothermal field

By Tom Ichniowski

A new company has entered the geothermal energy field in Oregon. The company is planning to develop a geothermal power plant in the area.

The company is called [Company Name]. It is a subsidiary of a larger company. The company has received approval from the state to develop the plant.

The plant is expected to be operational in the next few years. It will provide a source of clean energy for the area.

Lots of tests, no answer for Elk Lake outbreak

By Tom Ichniowski

Scientists are conducting a series of tests to determine the cause of an outbreak at Elk Lake. The outbreak has been ongoing for several weeks.

The tests are being conducted by a team of scientists from the state health department. They are using a variety of methods to identify the source of the outbreak.

At this time, no definitive answer has been reached. The scientists are continuing their work to identify the cause of the outbreak.

In Silicon Valley, times are flush despite fears of a new tech bust

By Tom Ichniowski

Despite fears of a new tech bust, the Silicon Valley market remains flush. Companies are still investing in new technologies and hiring employees.

The market is showing signs of recovery after a period of uncertainty. Investors are optimistic about the future of the tech industry.

Many companies are reporting strong growth and are planning to expand their operations. The overall sentiment is positive.
